

**Andreas Pavlou**  
President of the Students' Union

### Memories

Yes, studying is important but the memories you make at YSJ will stay with you forever. I want the SU to be a lively hub for all things student, to help you create those memories.

### Student Voice

From new ideas, to challenges, or feedback of any kind, your opinion matters. I want to know what you think to make sure the SU is as inclusive and accommodating as possible.

### Value

You're investing your money and energy into your time at university. I want to make sure that everything the SU does, from its campaigns to its events, ensures you get the best possible student experience here at YSJ.

### Opportunity

It's important that you're able to make the most of any opportunity that comes your way, personal, academic or professional. I will raise the profile of YSJ to ensure more opportunities are available to you.

### Communication

Planning for the future is just as important as the present. Embracing change and communicating the direction of the SU will be one of my top priorities as your president.
