

My 5 point manifesto is designed to encourage an open and constructive dialogue between students and faculty through development of the academic rep system.

Listen:

I will listen to and work with all students across our school to create an academic rep system that is robust, reflective and truly representative of your views.

Profile:

Many students in our classes don't know who their academic reps are, I will promote the use of technology to raise the profile reps across our school.

Training:

Work with all parties to develop a system of training for our reps that gives them skills that have benefits beyond university life.

Value:

We're all paying £9250 pa for our courses, as Chair I will work with staff and reps to develop programmes that have real world value.

Inclusion:

I will work to create and maintain effective mechanisms of communication which will ensure that all have the opportunity to be heard.

Jimi Yates

Chair of Education, Language & Psychology
